

## Gulf Classic

### Motor Oil for Classic Cars

#### Product Description

**Gulf Classic** oils are developed for Classic cars running on gasoline and diesel engines. These oils are formulated using high quality mineral oils and performance additives along with supplementary anti wear additives to provide enhanced protection against wear.

#### Features & Benefits

- Very good lubrication of engine parts.
- Supplementary additive provides excellent protection against wear.
- High protection against corrosion.
- Compatible with classic seals and rubbers.
- Good anti-foam properties.
- No danger of encrusted dirt becoming unstuck.

#### Application

- Suitable for use in Classic Cars running on gasoline and diesel engine & requiring API SF type of oils.

#### Specifications, Approvals & Typical Properties

| Meets the Following Specifications |             | 20W-50         |
|------------------------------------|-------------|----------------|
| API SF                             |             | X              |
| Typical Properties                 |             |                |
| Test Parameters                    | ASTM Method | Typical Values |
| Viscosity @ 100 °C, cSt            | D 445       | 16.7           |
| Viscosity Index                    | D 2270      | 115            |
| Flash Point, °C                    | D 92        | > 215          |
| Pour Point, °C                     | D 97        | -21            |
| TBN, mg KOH/g                      | D 2896      | 5.2            |
| Density @ 15°C, Kg/l               | D 1298      | 0.893          |
